

# BACCTO®

*Benefit From The Balance*

**BACCTO® Soil And Peat Moss Products For Home Gardeners**

The premium BACCTO product line includes a broad selection of soil products to meet the varied needs of your customers. Increase your revenue with quality products that are scientifically formulated and carefully screened for consistency.

## *Professional Planting Mix*

The same high-quality growing media used by commercial growers to ensure optimum growth potential of both bedding and potted crops. This special pre-moistened mix is blended in a special system that provides uniformity, easy handling, and the highest possible consistency.

## *Premium Potting Soil*

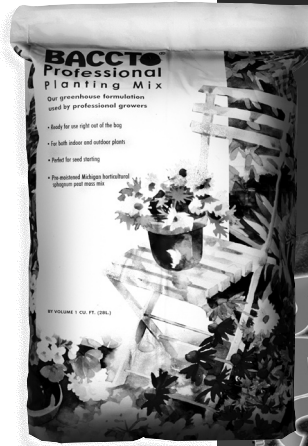

An excellent general-purpose potting soil for indoor and outdoor planting in containers and beds. It features a dark blend of reed sedge peat, perlite, and sand, and includes both starter and slow-release fertilizers to help plants thrive.

## *Lite™ Premium Potting Soil*

An all-purpose, lightweight soil for indoor and outdoor planting in containers and beds, as well as bulbs, starting seeds, and rooted cuttings. It's a rich blend of sphagnum peat and other materials, and includes both starter and slow-release fertilizers for optimum growth.

## *Horticultural Sphagnum Peat Moss*

A dense, brown, fibrous sphagnum that's been pre-moistened for use right from the bag. It provides for both water retention and aeration with a clean, uniform consistency. May be used alone as a top dressing, or as a base for custom mixes.

## *Top Soil*

This highly organic product aids in the maintenance of moisture, microbial, and nutritional balance. Carefully screened for consistency, BACCTO Top Soil is ready to use for top dressing lawns and planning beds, with no further mixing required.

## *Peat*

Screened for uniform consistency, organic BACCTO Peat conditions soil for blooming plants, shrubs, and lawns. Easy to use out of the bag, this peat loosens compacted soils and retains moisture and nutrients.

*BACCTO products provide a balance of science and nature that will satisfy the needs of your most demanding home gardening customers.*
